

# Stemapalooza

June 2019

## Feedback from Sessions

- Wow! This was my first time attending and everything was awesome! I can't pick just one thing.....the three keynote speakers were so inspiring and getting a chance to learn from our peers.....marvelous!
- There are so many ways to incorporate STEM/STEAM activities into what we are already doing.
- Loved all the resources and ideas I now have! It was also a great time to build new relationships with new teammates.

### LOCKHEED MARTIN

The generous support of Lockheed Martin fully funded this educational experience for educators across Cobb and beyond.

## Key Data Points

**800**

Presenters, participants, exhibitors and volunteers took part in this year's event.

**350**

Choice sessions/workshops were offered on various STEM/STEAM topics.

**94%**

Of survey respondents rated their overall experience at Stemapalooza as excellent.

"That was GREAT! One of the best conferences I have ever been to in my 25 year career in Cobb.
